The Contractor shall execute such further documents and do all such acts as may be necessary or desirable to give full effect to this Condition 39.

#### **40. FORCE MAJEURE**

Neither party shall be liable for any delay in performing or for failure to perform its obligations hereunder if the delay or failure results from any cause or circumstance whatsoever beyond its reasonable control, including any breach or non-performance of the Contract by the other party (hereinafter "**event of force majeure**"), provided the same arises without the fault or negligence of such party and provided that the affected party notifies the other immediately upon becoming aware of the event of force majeure. If an event of force majeure occurs, the date(s) (where applicable) for performance of the obligation affected shall be postponed for as long as is made necessary by the event of force majeure, provided that if any event of force majeure affecting the Contractor continues for a period of or exceeding sixty (60) calendar days, the Carbon Trust shall have the right to terminate the Contract forthwith by written notice to the Contractor. Each party shall use its reasonable endeavours to minimise the effects of any event of force majeure.

#### **41. REMEDIES**

Without prejudice to any other rights or remedies that the Carbon Trust may have, the Contractor acknowledges and agrees that damages would not be an adequate remedy for any breach of certain Conditions of the Contract by the Contractor. Accordingly, the Carbon Trust shall be entitled, without proof of special damages, to the remedies of injunction, specific performance or other similar remedies or other equitable relief for any threatened or actual breach of the terms of the Contract in accordance with Condition 27 (Governing Law and Jurisdiction) and/or in the jurisdiction in which the threatened or actual breach is occurring or may occur.

#### **42. JOINT AND SEVERAL LIABILITY**

Unless expressly provided otherwise in this Contract, in the event that the Contractor consists of more than one person, (each person a "**Co-obligor**"), the

Co-obligors shall be jointly and severally liable for the Contractor's obligations and liabilities arising under this Contract.

**43. ENTIRE AGREEMENT**

The Contract, plus any executed addendums incorporated herein or future supplemental agreement(s), constitutes the entire agreement between the parties with respect to its subject matter. All prior agreements, whether or not agreed or offered and all conditions and warranties whether express or implied statutory or otherwise and all representations, statements, negotiations, understandings and undertakings either written or oral are superseded hereby (other than fraudulent misrepresentation on which a party can be shown to have relied).

**44. COVID-19 Event**

- 44.1 For the purpose of this Condition, a "**Covid-19 Event**" means any circumstance arising, directly or indirectly, from the spread or threatened spread of the COVID-19 virus or the mitigation thereof, including, without limitation, (i) the advice, order or other decision or instruction of the World Health Organisation or any other (non-) governmental authority or any change in law, customs, licenses or consents in any jurisdiction, (ii) a decision or measure by the Contractor or Carbon Trust on the basis of its health and safety policies or duty of care towards its employees, (iii) a failure of a sub-contractor or supplier of the Contractor to deliver services or equipment in relation to this Contract, (iv) shortage of personnel on the Contractor's, its sub-contractor's or supplier's vessels or sites, or (v) restrictions on trade or movement of goods, services or people.
- 44.2 If a party is prevented or delayed from commencing or performing any of its obligations under this Contract by a Covid-19 Event occurring at any time, then it shall notify the other party thereof and of the likely impact to those obligations, including the effect on the scope and timeline of delivery of the services.
- 44.3 Subject to each party using reasonable endeavours to continue compliance with its obligations under this Contract in so far as reasonably practicable, the time for performance by the respective party of those obligations, including all affected milestone dates, shall be extended by a period as mutually agreed on by the parties, acting reasonably, to reflect the delay caused by the Covid-19 Event.
